functions of the Dt Board. Section 52 or 56 does not contemplate the destruction of these functions in the mofussil, and the idea that with a view to improve the finances of the mofussil, the Show & its receipts should be transferred to the mofussil is really a grotesque one. Holding of shows is not so much a money earning concern as an Education one for the benefit of a larger community than the mofussil represents. The receipts if they are in excess of the Expe should go towards improving the conditions of the cattle in the area and not to be utilised for providing urban conveniences for which the townspeople themselves should tax themselves sufficiently.

S i r,

I have the honor to state that a Cattle Show is held annually at Harihar in connection with the Sangameswara jatra and it is managed by the District Board, the expenditure incidental thereto being met from the District Funds by the levy of a fee of one anna per head of cattle collected in the Show as sanctioned in Government order No. 7196-8 L.B. 311-12 dated 23rd January 1914. The average annual income and expenditure are shown in the margin. The Municipal Council of Harihar Town request that the management of the Show may be given to them as many of the functions connected therewith are done in the Municipal limits and they contribute a great deal for the successful arrangements in the Show though the Show ground itself-the bed of the river-is outside their jurisdiction.

Income.	Expenditure.
Rs. 1200/-.	757/-.

The District Board, considering the poor financial condition of the Municipality and the fact that the Show is held at their very gate, have resolved that the management may be transferred to them permanently (vide copy of the resolution enclosed).

I request therefore, that the sanction of Government may kindly be obtained to transfer the management of the Show to the Minucipal Council.
